Prof J. W. Dawson,

My dear Sir,

Your

favor of Dec 11th is at hand.

I accept your first proposition
viz. "I would take the whole of the
Fossils as in your list, and on
receipt of them would cause Messrs
Dawson and Bros to send you by
express the Canadian Paleontologist
1st series 8 vols, and new series 6 vols
and part of a seventh, for which
I shall pay them here, but you
will have to pay the duty"

I will send Fossils, (only whole list
which is a duplicate of the one I
sent to you) by express as soon
as I can pack them.

Will you please tell Messrs
Dawson & Bros to send books by the
American Express Co.

I could send you some other
fossils from the Carboniferous and
Hamilton, Leominster and Upper
Silurian groups. specimens to be
chiefly corals and a few shells
I would send enough to pay the
duty if you think proper.
I remain as ever

Yours Respectfully
Victor W. Lyon
