Principal Dawson

McGill College, Montreal

Dear Sir,

We forwarded to you yesterday, by American Express, the specimens ordered by you in your favor of the 13th inst. We should have forwarded them sooner had we not been so busy getting Prof. Wood off to Europe.

We are sorry not to be able to send you more Helderberg fossils but we do not have them, although we should have had a supply before this time. We can furnish you with specimens of *Eurypterus* from the Waterlime Group if you wish them.

Enclosed please find Bill,

Very Truly Yours

Wood & Howell
