Jan. 15th 1879

Dear Sir/

I beg to send

you my new circular.

The late Sir W Logan
sent me a few years ago a
large block of the Laurentian
rock containing the Eozoon
Canadiana. As this is now
exhausted excepting portions of
mere serpentine I would be glad
with another block. Could you
kindly help me - of course I
would reimburse you any inci-
dental expenses attending its
shipment. It should be a
largeish block 100 or more lbs
& then it need not have any
packing whatever.

In my circular you

Dear

you will see in order
the late Jan 10 paper
that one a few years ago
large block of the
real volume of the
Constitution. It is now
published by the
more extensive
with another block. Can you
help me - of course
many numbers you may
total expense of the
shipment. It should be a
large block too or more
than it cost out here only
partially
