January 15th 1879

Principal - Dawson
McGill College Montreal Canada

Dear Sir:

As per enclosed note from
Sr Barroeta, I beg to inform you
that I have just received in my
boxes shipped from San Luis Potosi
Mexico (over 5 months ago) the "tiger
skin" which Sr B. desired to present
to you. It is a very beautiful specimen
and will no doubt be much admired.
Please advise me how to send,
I think it is too large for mail
parcel, if by express, give full
directions, and I will forward at
once. Please also acknowledge receipt.

of Lamar to Dr. Barroeta.

I spent a very interesting season
1878 in San Luis making botanical
collections, friend Dr. B. very kindly
of science

Respectfully yours
C. C. Parry
