

Tweeddale Court.

Edinburgh 24<sup>th</sup> Feb. 1879

Dear Sir

We wrote to you a few days ago, and we have been considering your desire to have the remaining stock of Canadian Geology sold out even at a sacrifice.

We think the disposal is less a question of price than that the number of buyers in this country interested in the subject is limited.

We do not know whether you have conferred with any

any local booksellers: but  
if not, you may possibly  
get sales at a reduced  
price effected in the Dominion  
or in the United States on  
terms more favourable  
than in this country, —  
provided you could get  
an active house to take  
an interest in the matter.

It would give us  
great pleasure if we could  
forward your views,  
but we do not see

any hope of the editions  
being sold off in this  
country.

Failing your being able  
to make a satisfactory  
arrangement in Canada,  
we think you should  
communicate with Messrs  
Kaeppelin & Co direct, as  
they may possibly have  
some suggestion.

With kind regards  
we are

Dear Sir  
Yours truly  
Alvin Lloyd
