

With reference to the candidature
of Mr. W. B. Dawson that we, for the
Professorship of Civil Engineering in the
Royal Military College of Kingston, I
have to state that Mr. Dawson
took the full term course in
Geology, Natural Science, under Dr
Hulthoff & myself, and passed with
first rank honors, taking the Logan
Gold Medal. The course includes the
Geology of Canada, Mineralogy and
Mineralogy as well as a
full general course of study in practical
Geology and Paleontology, and is
I am also happy to
Mr. Dawson's excellent character
and habits, and to his earnest
and conscientious devotion to duty
in everything that he undertakes
as well as to his capacity for
communicating what he knows to
others and ~~exerting an influence~~
~~a good influence on those whom~~
~~he may instruct.~~

+ and are from the
fact Mr. Dawson
found a collection
of Canadian plants
and was ex-
posed in Canada
Boston

practical work
and original
thought,
and for

W. B. Dawson Esq. F.R.S.
Professor
the full College
Kingston
