

J^r Dawson

Proton March
1879

Dear Sir

In writing you
some ten days ago I forgot
to say that if you should
be kind enough to accede
to my request "to write an
account of the Polson Lake
mine. I would thank you
to send it to me instead
of sending it to a paper for
publication. As it would
be better to wait until
the matter is brought up
in the House before

publishing it, or if you
would prefer to hold it
yourself until such time as
I could let you know.

Pardon the liberty I have
taken but it was for my
mother's sake.

I remain

Very truly yours

Anna Grant
