My Dear Sir

To day I sent to  
care of Sampson Low & Co a  
parcel containing 6 species of  
Devonian Fishes - I consider  
them as of about double the  
value of the Eocene Conchids  
you sent me & I will therefore  
ask you to forward me when  
you can do so in enclosure  
some more examples

I am

My Dear Sir  
Yours truly  
Robert Damon

P.S. I prefer the larger  
Museum specimens to the  
smaller
