

Leubering

May 1899

Monday.

My dear Principal Dawson,

You must be thinking
of my brother who was
in Madras 20 years,
and who has written
on subjects bearing
upon India & its
literature. His latest
being *Atheism its
Prospects & Promise.*

I never went beyond
a few Lectures on
the Literature of the
Hindoos - their
Religion & their
Manners & Customs.
But these I never
published.

Truly yours

Amherst
