To Principal Dawson
Dear Sir

When last I had the pleasure of seeing you in Montreal you spoke so very highly of a school that I think had been opened at Toronto - Was the name of its Principal Pettune or Strahan? Was it continued to merit your, then, unqualified confidence?

The death, recently, of my eldest brother Rev R. Bolton, has left me in charge of a son fifteen years by age whose education I would much prefer should be

continued and com-
pleted in Canada.

Your opinion candidly
expressed would much
oblige yours respectfully

Mariette Botton.
