My dear Sir,

I do not know
if the present activity in the
lumber trade is likely to have
any effect in Canada; but
as it is possible that
this may be the case,
I take the liberty of
sending you two copies
of a pamphlet relating
to an iron property in
Nova Scotia, of which
I have entertained great

hopes; but from which
nothing has been realized
as yet. My own concern
in it is only a faintest
shine which I had
to take & back up
my own opinion of
it, and which I would
willingly present to any
one who would do
any good with it.

The property was
valued at \$100,000
but the parties were

holding it and when
are respectable Capitalists
in Montreal would

to ^{receive} a much less
amount, or to take
shares with any
one able to turn
the ore to account.
They have had

prices offered and
the liability to run
out the surface of
the deposits and leave
them less valuable.

Perhaps you would
take the trouble to
look at the pamphlet,
if not read by you
already and to
give me your views
on the matter.
