of Young Men's Christian Associations,
Cor 23d St. and Fourth Ave.,
New York.

College Dept. -
Princeton New Jersey
Oct. 4. 1879

Principal Dawson.
McGill University.

My Dear Sir.

I desire to call your special attention to the Inter-Collegiate Movement which has been in progress over two years under the auspices of the Y.M.C.A. I send you a pamphlet containing report of our last Convention also International Committee Report. Concerning College Work see pages 51-61 Convention Report, also pages XVII-XIX and LXXXIV-V of International Com. Report. During the past two years 300 students representing 60-70 Colleges in 20 States and Canada have attended 20 State & 2 International Conventions, and have conferred concerning the interests of Christian work in their Colleges - The results of these meetings have been most encouraging in their

influence they have imparted to the
spiritual life of the College. And in
very many cases revivals of religion
have followed -

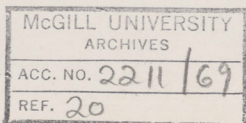

There will be such a meeting at
Kingston Ontario in connection with the
Convention of Associations of
Ontario & Quebec which meet
then Oct. 23-26. Some of the
Colleges of these Provinces will be
represented and we are very
anxious to secure delegates from
every College - I write you therefore
to say that a delegate from
McGill would be most cordially
welcomed. We come together
to promote one single object
and may it not be that the results
of such a meeting upon the students
of the Dominion will be very
great? Entertainment will
be provided for all delegates.

and we hope to keep them
through the entire session of the
Convention

Hoping that McGill will
send at least one student
and more if possible Jan

Day Respectfully

L. D. Wishard
College Secretary
of the
International Committee
