

Saturday Afternoon

Dr. Dawson

My Dear Sir

At the meeting on Thurs.
Evg. the Committee expressed them-
selves as being well satisfied
with the steps taken by the Cong-
regation. Dr. Jenkins spoke
warmly of the credit due to Stanley
Trust for maintaining its existence
under such difficulties - and
altogether I trust we shall soon
stand in quite a new light in
the eyes of the Presbytery.

So far some \$750 are assumed
and conditional pledges for

several hundreds more have
been given. The Committee
adjourned for two weeks to
hear how we succeed in
our efforts and will report
to push accordingly.

Your wishes in relation to
the course of Lectures have
been fully carried out. I
enclose you a couple of
the tickets, which I think
are very neat.

We are notwithstanding hopes
of being able to sell between
four and five hundred.
At all events every effort

will be put forth - The first
Advertisement appears in
the Witness this evening, and
will appear each Saturday
Evening until the date of the
first Lecture. It will appear
each evening from the Wed
previous to the first. Posters
will also be issued some
time before. Several of our
Ministers have consented to
give them a pulpit notice -
And Dr Jenkins has prom-
ised me to take the Chair
the first evening -

Sincerely yours
James McCaul
