

Bells' Corners,
Nov. 25th. 1879.

Prof. Dr. Dawson,
Pres. W. J. Univ.,

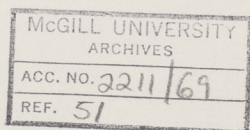

I am anxious to
hear the news from Windsor,
Nova Scotia. Is it decided?
Since last I wrote you, I
have received letters from the
Breslau Professors - &c. If
I thought these letters would
have a deciding influence

upon the board in my
favour I should send them.
They exhibit more strikingly
than any thing else could,
the position I hold in the
estimation of the professors
of Bratislavensis
The course you
have taken in the matter
has been an abiding
inspiration and whether
any thing should come
of it or not I shall

not cease to be grateful
to you. I have been
a great deal away from
home - and afraid letters
have not reached + C.A.

If you can relieve
my anxiety you will
greatly oblige

Yours resp. and gratefully
R.B. Shaw
