Dec 29. 1879

Dr. J. W. Dawson:

Dear Sir,

Your postal was duly received. I have looked over the collections with Prof. Williams, the present Prof. in charge of the Geological department, and find no other specimens of the kind specified. Prof. Williams has rearranged all the collections since September and is positive there are no others. I have written Prof. Comstock and will let you know as to what his answer is. As he is at present in Colorado some time must elapse before I can hear from him. The expense of box packing material and packing was three dollars (\$3.00). I am very sorry the matter is as it is, but do not see how the mistake could have been avoided.

Yours very truly

Willis A. Ruedd

Mr. J. W. Lawson
 Sir

your postal was duly received. I have looked over the collection with Prof. Williamson the former Prof. in charge of the Physical Department and find no other specimens of the kind except find Prof. Williamson has arranged all the collections since September and is positive there are no others I have written Prof. Comstock and will let you know as to what his answer is. As he is at present in Canada some time must elapse before I can hear from him. The specimen of bat factory material and factory was three dollars (\$3.00) and was sent you the matter is correct but to wit on how the mistake could have been avoided.

Yours very truly
 William A. Riddell
