

Guelph Ont 23rd Dec/79.

Dear Sir,

I read recently a report of your lecture in "Montreal Witness" on "The Ten Kingdoms &c" with much interest & surprise. I am an attentive reader & admirer of "Eureka" an exposition of the Apocalypse by late Dr. Geo. Thomas of London & New York. I was struck by many points of identity in your lecture therewith.

May I respectfully inquire if you have met with the above work, if not I think you would be repaid by a perusal of it & confess it a phenomenon in the spiritual world.

I cannot but regard it as the most wonderfully exposition of the "things of the spirit" since the days of the apostles.

In the "Hope of Israel"
Yrs respectfully
C. H. Evans,
