

Saturday
Montreal, March 6 1880

My dear Dr Dawson,

On Wednesday Prentice wrote to Mr Hamilton as follows, viz "I have a letter from my New York friends this morning saying that they are ready to make a contract to buy the Picton property - Money - \$6000, to be paid on verification of the report and title. They question they ask us: How soon can the property be examined? This of course depends upon the early or late Spring. All they ask for is time to see that what they are buying is in accordance with the representations made" -

I have asked George Hamilton to call a meeting of the associates for Monday at 1.30 pm. From what you said the other day I presume you will not care to be present - but I told G. W. H. that I would notify you. I understood that your considered that the affair, of which you had heard, was a bona fide one so far as the N.Y. parties are concerned.

Yours truly
Peter Redpath

Principal Dawson
McGill College.

P.S. Return with this the letter referring to the complaints about time for the Harbour. I am glad to find so satisfactory - P.R.

Monday, March 2, 1880

My dear Professor,

In the meeting of the Faculty on Monday, March 1st, I was a little surprised to find that you were present. I had been under the impression that you were absent on account of the fact that you were in the city on business. I had been told that you were in the city on business. I had been told that you were in the city on business. I had been told that you were in the city on business.

[Handwritten signature/initials]

I have not yet had time to call a meeting of the Faculty for Monday at 1:30 P.M. from what you said in the meeting. I understand that your committee has reported that you were in the city on business. I had been told that you were in the city on business. I had been told that you were in the city on business.

[Handwritten signature]

Respectfully,
Wm. C. Coker
President of the Faculty
