

Victoria  
College

"V. P." Hall; Mar 22<sup>nd</sup> 1880

Prof. J. W. Dawson L. L. D.  
Montreal  
Que.

Dear Sir

On former occasions when the Science Association of Victoria Coll. Cobourg, sought to obtain your services for a lecture, they were unfortunate in addressing you at such times as needed your attention at your own University of McGill.

They hope that by corresponding with you thus early, for next year's course,

they will be able to receive  
a favorable reply.

We are now in communi-  
cation with the leading  
scientists of the U.S. in refer-  
ence to lectures for the  
Winter Course of 1888 & 1889.

Prof. R. A. Proctor was with  
us on Jan 14<sup>th</sup>.

Should you find it con-  
venient to respond to our  
invitation, please mention  
the dates you prefer &  
terms. Awaiting your reply  
I am

Yours respectfully

Ed. L. Rymington, B.A.  
Box 54
