GOVERNMENT HOUSE,
OTTAWA.

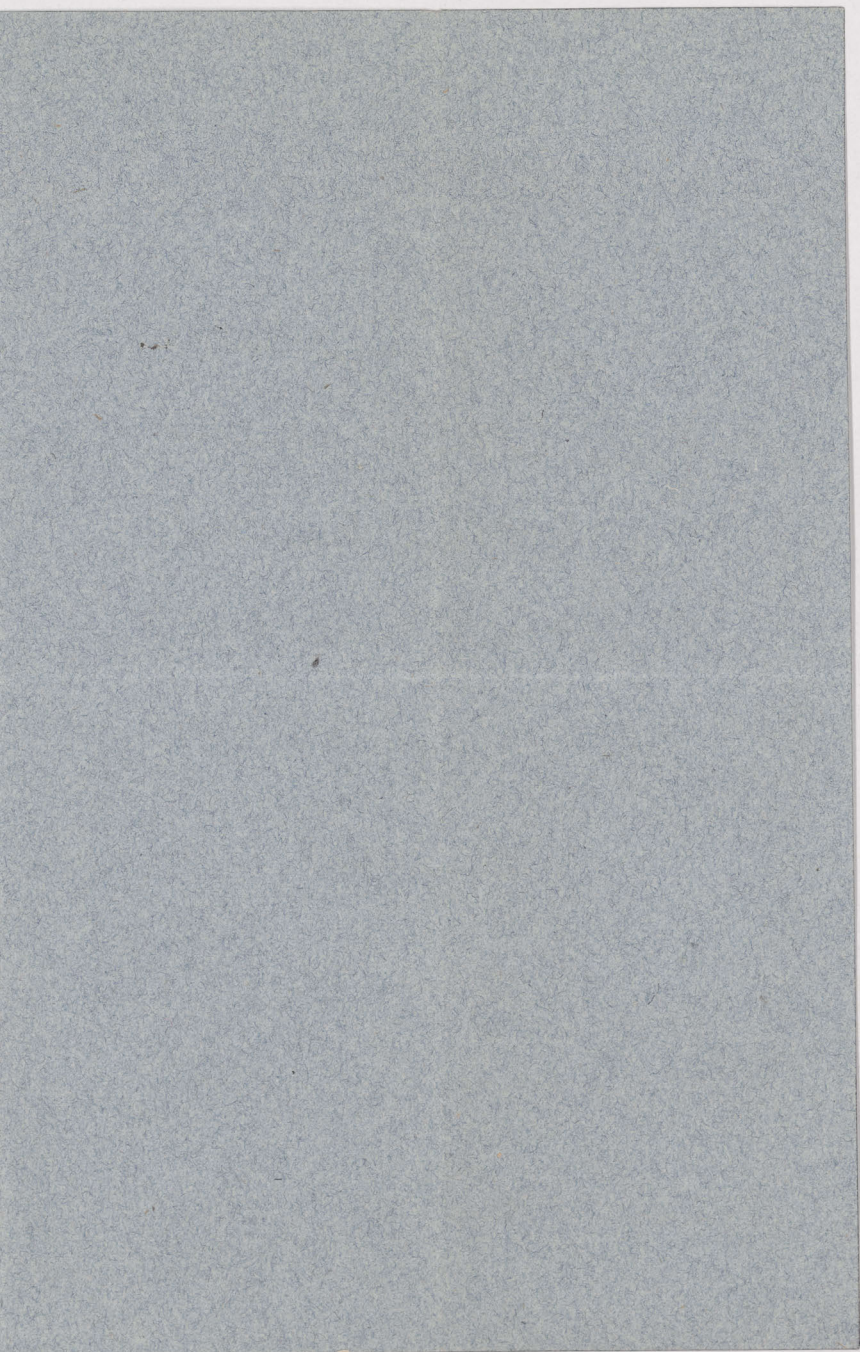

March. 28 1880.

Dear Principal Dawson
one line today that I
hope you will send yr observations
on "Reciprocity of Degrees" to
Professor Acland of Oxford, who
took much interest in the
subject, which I talked over
much with him when he
was here last year, and

I am in hopes that his
official position in connection
with the Privy Council at
home may enable him to
effect same good.

Believe me

Yours Truly
L. O. M.
