Dear Sir

Your letter of  
December last, and your report  
were duly received. The report  
was printed & laid with  
reports from other grantees  
before the Government Fund  
Committee. The same with your  
report of the former year.

Your letter, unluckily,  
was laid aside with letters  
that had been disposed of: for

which I cannot hold myself  
blameless. But we shall  
have two Council meetings  
this month, & you may  
depend on your letter being  
taken into consideration at  
one or the other.

You shall then be informed  
of the result without  
delay.

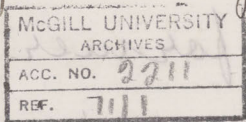

Yours obediently

Walter White

May I offer you my translation of  
a German poem.
