Dear Sir,

Enclosed herewith I beg to hand
you my account for dinner supplied 2nd inst
and beg to explain that the returns handed in
by Mr. Ritchie who attended to the front door -
total up 268 - which with a number of 45 who
are supposed to have been admitted by the side door
and the returns of which were subsequently handed
Mr. Ritchie for Mr. A. Heibert make up 313 -

It is thought however, by the head waiter and others
that there were more than that number admitted
but as I cannot say positively that there were - I
confine my charge to the above returns.

Yours Respectfully
Chas. Alexander
