My dear Sir,

I wrote
Mr Albratt some days ago
in regard to the Returns
of Model Schools and
Academies inspected by him,
but as yet I have received
no answer. As soon as
I am in possession of the papers
from him, I shall at once
put them very soon into shape

P.S. Since I wrote this letter
in the morning, I have received
a note from Mr. Alnatt, saying
that he cannot send me his
returns till about the first of
May. G.W.

for submission to the Sub-Committee.

In conversation
the other day with Mr^r Richard-
son, Book-Keeper in the
Department of Public Instruc-
tion, he gave me to under-
stand, that The Hon: Mr^r
Robertson, Provincial Treasurer,
had stopped the Supplies
for our Committee. I think
it better to let you know this
at once, that you may think
the matter over yourself and consult
with Mr^r Heneker & others.
before the meeting of the Com-
mittee in the end of May next,
what in the circumstances is

best to be done,

I am very busy at present getting ready the papers for the May Examinations of Candidates for Teachers' Diplomas, and expect to have them all printed off soon.

You must be looking forward with pleasure to the close of your heavy College duties for a season, and to some rest, which you greatly need. The celebration of the 2nd April passed off splendidly & I trust it may bear substantial fruits to the University.

Yours very sincerely
George Weir
