Knowlton, 21 Sept.
80.

My dear Principal, I have only
a moment in which to enclose
you the within draft. It is longer
than I meant it to be; it has cost
no end more trouble than I counted
on. But I am not at all sure it is
all it should be. And I would be
very glad to have you give it careful
reading before the meet, — as I
trust we shall be by Friday.

Yours in hot haste,

A. W.

P.S. — I see I have left a hick
as to the "registry fee". I will
mend that up more or less to-
morrow.

Dear Sir,
