

June 2/80

My dear Mr Lynch,

When Mr

Robertson asked yesterday what the Catholic Committee would do without the \$2000 cut off the inspection fund, it did not occur to me that it has a large amt of unexpended balances and so can well

afford to dispense
with a sum which
is vital to us. I must
know this, and may
be content that Weir
or our Committee should
suffer when no
inconveniences will be
felt by the R.C. Committee.

Why should not
a certain sum from the
General Appropriations

say \$1000 be set apart
for the use of the
Committee. There is
a sum of \$6000 un-
expended for
more books. If the
Committee could be
allowed to employ
this otherwise a use-
ful purpose would be
served.

So long as we
