The Manse  
Métis June 30/80  
Principal Dawson

My dear Sir,

Accept my thanks for  
the pamphlet which you very  
kindly sent me some time  
ago.

I have subscribed for  
the Princeton Review for this  
year. I got it through Bain  
of Toronto. When I subscribed  
I sent him \$3 thinking that  
the "N. P." might have increased  
the price of it. I requested him  
to pay himself and send me  
the balance in postage stamps.  
He kept the whole. I wrote to

Rev. Mr Kennedy of London  
Ont. who I saw was giving it  
for \$2. He told me that it  
was most unjust in Bain to  
keep the \$3 as the Review  
costs him only \$1.80. I wrote  
to Bain about it. He replied by  
postal card saying that he  
could not give the Review for  
\$2 and live. So I have let the  
matter drop. My copy has cost  
me \$3 instead of \$2 - the  
proper price. "I'll gang uae  
maim to you town."

Queen's is to be represented  
in Melis this year in the person  
of her Principal. He has taken  
the house nearly opposite Mr  
Tugger's

The Sabbath afternoon.

meetings are to be held this year in the dining-room of the Castle Hotel. I question if the Presbyterian friends who were so bitterly opposed to our meetings in the parlour will attend there. They did not come to Mr. Noyes's last summer.

The Rev. Mr. Green of the Bible Society is to be an inmate of Mrs. Featherston's house for a while this summer.

I was down at L. Miter's last week. I called at your house but found the family engaged in the work of dining so I withdrew without conversing with any. I called in my way home but found a deserted house. I left a young chestnut

tree with Mrs Murray to give  
Mrs Dawson. I distributed  
5 that day.

My weather is getting better  
but very slowly.

Hoping to see you soon  
in Nétis I remain

Yours  
J. Fenwick
