Sr.

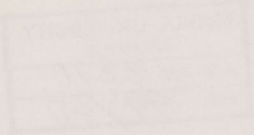

Please favor me with your opinion
as to the most favorable point to
test for the coal veins in this section
of the Island.

I am wished to give my
opinion also to test the same by
Boring here if we do give a meeting
will be held on the 28th inst at Birmingham
other places soon after several tests have
been made which has proved a failure
with your opinion if you wish
I can give satisfaction.

Respectfully yours

T. W. Dawson.
