

Dr Lawson

Respected Sir

I take the liberty  
of sending you by  
Parcel Post a piece of  
Ore that was given me a  
few days ago. If it is of  
value any quantity of it  
can be got.

I am very anxious  
to know the value of it.  
I will gladly pay for a  
report of its value.

There have been several  
pieces sent to the States  
& Halifax of other ores  
and the returns sent were  
not reliable.

What you say about this

will satisfy any one

I am with great respects

Yours

Jas Campbell
