Prof J W. Dawson Montreal.

Dear Sir.

Will you have the kindness to read the page herewith. It contains the list of your works which are referable to the Literature of the Coal Period. I have mentioned all the works I know and have from you. But I may have omitted some unknown to me. Please mark the annum of the I & I. of your Acadian Geology and the date of the synopsis of the Carboniferous Period where I have (?)

I should be much obliged to you for returning this page at your earliest convenience

Very truly & respectfully yours
J. Serquereux.

Dear Sir

Will you have the kindness to read the
page beneath. It contains the list of your works which
are referred to in the structure of the Coal Plate. I have
mentioned all the works I know and have from
you. But I may have omitted some which I
have made the omission of the 25th of your edition
of the list of the papers of the Carboniferous
Period. (When I have?)

I should be most obliged to you for return of the
page at your earliest convenience.
Very truly & respectfully yours
J. S. Henshaw
