

Mrs Kemp,  
Rose Cottage  
Trinity. 27-10-1880.

My dear Uncle,

From a letter received  
this morning, I find that Mr.  
A. W. Hunter, a friend of ours is  
at present in Montreal, & has  
been to see you. - If you can  
put him in the way of getting  
a situation, I should esteem  
it a great favour: & from what  
I know of him, feel sure he will  
fill it most creditably. -

I am not sure that the address  
he gives me, is sufficient to find

him; so, if he calls again, would  
you be so good as tell him  
that there are letters of intro-  
duction to. waiting for him  
at the Poste Restante, Paris.  
George tells me, that he & Eva  
will sail tomorrow; you will be  
looking eagerly forward now to  
their return: I wish I were  
going with them. I enjoyed my  
stay with them in Paris so much:  
it had been such a delight to  
renew the old intercourse with  
George; & also a great source  
of pleasure to all of us, to

have made some little ac-  
quaintance with dear Eva.  
Rankine, is the only one now  
whom we haven't seen, but  
I hope we shall, ere long, know  
a little of him too.

Please give my fond love to  
dear Auntie, tell her that  
she is often in my thoughts,  
altho' I am so negligent about  
writing. I have resumed my  
painting again for the winter,  
tho' it does sometimes tempt  
me to let writing &c. fall into  
arrears. Our family circle is

will at present. Papa, enjoys  
wonderfully good health, which  
is a cause of great thankfulness  
He often fills me with surprise,  
he always seems to be so bright  
& thoughtful for others. —

With kind love to all

Ever dear Uncle

Your affectionate Niece

Ellatemp.
