Prof. J. W. Dawson McGill Coll.

Dear Sir:

Will you be so kind as  
to lend me for study, or if you  
have duplicates exchange with me  
for something which may be of value  
to you from N.Y. - a set of Canadian  
Devonian lingulars, the lower <sup>higher</sup> &  
forms I would also be glad to get  
but these I wish just now to see  
for comparison & study -

With sincere regards  
Henry S. Williams
