

U. S. COAST AND GEODETIC SURVEY OFFICE,

Washington, 9th Jan., 1881.

My dear Doctor

I wish to obtain two pamphlets recently published, one entitled:

"On the Commercial Importance of Hudson's Bay with Remarks on recent Surveys & Investigations, by Robert Bell, M.D., F.G.S., Assist Director of the Geological Survey of Canada"

The other

"A New Route from Europe to the Interior of North America with a Description of Hudson's Bay & Straits"

Issued by the Nelson Valley Railway & Transportation Co, Montreal."

I should feel greatly obliged if you would send them to me or put me in the way of procuring them

Yours truly
