Very dear Sir

Your favor to hand,
I happen now to be in the way of iron
and think I "see your man" to focus
that property if I can enter upon the
matter at once - so as to have it seen
this spring & the business started of
mining it, I imagine I can make more
of it for you all than you can other-
wise. There's need of \$100,000 to \$200,000
dollars, to put in good shape, certain,
I was in hopes I could for ever & me
could make some arrangement for
me to commence negotiations with
some friendly rights away. I could
go to see you & Hamilton Monday or
Tuesday next if you wish, I may not
be able to attend to this again for
some time, My address here is G. W. Blume
33 School St Boston Mass. Yours truly
