

Welling-ton March 1881

To J. W. Dawson Principal of N. Zealand College

Dear sir trusting your kindness as a stranger I take the liberty to intrude upon your time and notice by writing to you to ask of you a favour in the way of examining a few sheets of manuscript, and of writing me your opinion of the matter whether it is worth printing to be offered to the public My abilities for composing or writing are very inferior and my education is limited but I think that I have some ideas which may be new to the most of men and of some use to mankind on the subject of the creation of this world &c at least I have not found in any of the few works which I have read on

This subject what I consider as  
correct a theory of the sacred history  
of the creation and duration of the ca-  
-vth, if you will take the trouble  
to examine the little that I have writ-  
-ten and give me your opinion on  
the matter I will send it to you  
by mail and be pleased to acknow-  
-ledge the favour done me  
there is only some twenty four or five  
pages of small sheet If you think  
the subject matter of account and  
and the style wanting I would ask  
your advice on the matter

I wrote to the globe office Toronto but  
never heard from them and supposed  
they threw the thing aside as worthless  
The beginning of my subject is writ-  
-en in the line of ridicule as to Dar-  
-winism &c which you may consid-  
-er a little weak And my connections  
and style cannot be said to be good

and I leave the subject matter  
for your decision if you see fit to  
mention this matter to others you  
will do me the favour of suppressing  
my name under all circumstances  
If you will grant me the favour  
desired you will please let me know  
by letter addressed to
