Dear Dr. Dawson.

If you would see the Electric light in use you would do well to look into the Continental Hotel a few blocks below the Colonnade on Chestnut Street. You will also see it in Wannaker's great store 13th Market Street - where by the way Mr. Dawson will be pleased to go for the shopping & will find a large stock of Glass. I enclose here. Some of it

very fine.

On the South side of Chestnut
I think between 12th & 12th
Street is a private conserva-
tory with glass front, where
you will always see fine
plants of rare kinds in
bloom. It attracts all passers-
by. & is worth your notice.

With best regards to Mrs.
Dawson I am

Very faithfully yours

T. Sterry Hunt

Dr J. W. Dawson.
