

~~Parsons~~

Citadel  
Leeds.

May. 14. 1881.

My dear Principal Dawson.

Many thanks for your  
letter. The world wd be happier if  
the "personal intelligence" of newspapers  
were abolished. As this can't be done,  
we must all cultivate a scientific  
indifference to the bubble.

Believe me, with much respect

Yours very truly  
John
