

18. Queens Gate,
Hyde Park. W.

27th May 1881

General D. Dawkins

On line to express
how much I rejoice at
the recognition of your
great services to Science
which the North-day paper
contains. Through
inadequate, it is said

instalment which I
hope may soon be
supplemented by a
more fitting & by far
a commendable one.

Yours truly
H. W. Dawson

From her & me
Hunt & Co
