My dear Dawson

I have just returned from
a six or eight weeks tour on
the Continent, taken chiefly with
a view to making references to
specimens & books reⁿ Foraminifera.
- Somewhere during the course of
it I rec^d the "Am. Assoc. Adv.
Sci." Circular, with your endorsement.
In reply - it seems far too long
beforehand to entertain ideas about
August 1882 - I want to visit

June 18-01

My dear...

I have just returned from
a six or eight week tour in
the interior of the Gulf with
a very small party...
I have been very busy during the course of
the last few days...
I am sure that you will be
glad to hear from me again
I am, dear Sir, very truly
yours

America again, as I had to cut
my last visit short, but I am
not at all prepared to say where.

Sometimes when you have a moment
to spare, would you give me, on
a post-card, the reference to a
paper of yours "On the Structure
of some Canadian Limestones".

The separate copy has neither date
nor reference to the original place of
publication & I have been unable to
find where it comes from.

As regards
Yours truly

Henry R. Brady
