

Mr Lawson

My Dear Sir

I received your very kind note yesterday and I am quite at a loss to express my gratitude in you showing such liberality and consideration to myself and my son.

Of course I feel very anxious about him; but I could never think of you paying the half of the school fee. Now I have decided to send him and I will strain a point

So

To pay it myself.

With many thanks to you
for your kindnesses.

Trusting you will not leave
loose sight of him when he
is able for a scholarship

I am yours very respectfully
