Dr. J. W. Dawson, Ltd.,  
Montreal,  
Canada,

From Jan. N. 9/28/51.

Dear Doctor:

Many thanks for the  
papers sent -

Since writing last  
I have found a fine Sep-  
podendrus in the

Seneca State for you -  
also several Portage plants -  
Have not worked in the  
Cherry yet this fall -  
shall do so next month  
& send all I think of  
interest to you

I have been obliged to  
give more time to the  
"Bread & Butter business" than  
I fancy of late, which has  
greatly retarded my scientific  
work - Very respectfully yours  
Berlin A. Wright
