Dr Dawson
Dr Sir

I beg to enclose
Ok for \$6⁵⁵/₁₀₀ Amt duty &c on trees,
as it is part of what I said
I would do. This & the
\$35.59. yet fall short of the
amt (\$50.) promised & some
other trees you have not I
hope to send in Spring.

Orange I know
to be tender at London but
& other places milder than
here. Tender & non-ornamental

but if it kills to the ground
it still makes impenetrable
hedge. but Northern seed
increases hardness much.
Honey Locust Seed could
be got from gardens of
Seminary Notre Dame Ia.
There are trees there that
would make 2 Saw logs
each.

As ck is payable to
order no answer is
needed.

Yours truly
Chs Gibb
