

At Sea

Times

Jan. 19. 1882.

Dear Principal Dawson.

It seems to me we sh^d have
a Mechanical Section in our
Institute - ~~Such~~ Such a section
constitutes an excellent feature in the
British Association, and we have
plenty of good Engineers to make
a meeting of them interesting -
What do you say to this, and

perhaps Col. Grawski wd. be the
best first President?

Believe me

Yours Truly

L. O. Kelley
