My Dear Dr Dawson

I am still without a
reply from your distinguished
Book & Literature Mr. L'Esperance.

Please see that the enclosed
reaches him, if there is such
a corporeal entity.

Our first application will
have to be for a grant of
stationery; and a private
secretary to the presidents
of Sections; as to the president
in Chief, half a doz. Secretaries
will scarcely suffice.

Yours faithfully
D. W.
