

17<sup>th</sup> March.  
1882.

Dear Sir,

Mr Lettman assures  
me that - the waampun & you  
allude to is bona fide Squawche.  
At least - it has been found along  
with their relics & remains in  
their caves. He says # it could  
not - have come from Peru.

I send you some photos of  
Squawche relics in his Museum.  
The first 4 or 5 - are seals of the  
Chiefs found in St<sup>d</sup> Canary.

I conclude you speak French.  
I think I shall be able to arrange  
a meeting for you with the Director  
of the Museum tomorrow.

Yours faithfully  
Chas. A. Sussell.
