My dear Sir,

I shall be
happy to take charge of
the examinations for the
A. A. here. I hope by
another year our girls'
High School will furnish
some Candidates for the
same honours.

The next meeting
of the P. C. of the C. of R. S.
will take place on the last

day of this month. I trust
you will be present. A few
matters of importance will
come before the Committee for
consideration - especially
the division of School grants
as between Protestants
and Roman Catholics
on the basis of the Census
lately taken.

Yours very sincerely
George W. W.

Dear
