

1058 Dnechester St.

June 1st / 89

My dear Dawson,

I received a letter from Mr Stephens on the subject to which you refer, & I was at first inclined to agree with him. But further consideration convinces me that we had better await the action of the Government. They have announced their intention of holding an investigation, and I conceive that our course would

we could have a meeting
of the Board, but
that seems impossible
and I do not like
to act in the way
you desire without
being fully convinced
that the course
is a wise one.

Believe me

Truly Y^{rs}

R. W. Norman.

I was very busy yester-
day & in consequence
asked Dr. Robin to
reply to Mr. Stephen's letter
