Curator of the Museum,  
LUCIEN CARR,  
Assistant Curator.

Cambridge, Mass., Aug 10 1882.

My dear Dr. Dawson  
I wish I could  
accept your invitation  
to Mrs Putnam & myself  
in both our names,  
but Mrs Putnam will  
not be present at the  
meeting, much to my regret.  
I shall have my daughter  
with me and when we  
arrive in Montreal I shall  
ask for a card for her.

You have certainly arranged  
for a good full evening  
and I only fear that  
you will overtask yourself  
in our behalf.

54 papers are now on  
my list. One to-day from  
Prof. Gray on the Flora of N. A.,  
I am now driven to  
death with Assoc. water  
but hope to get off  
to Montreal by the 18<sup>th</sup>

Yours very respectfully  
J. M. Manning
