

July 18th August 1882

Dear Sir,

I have not yet obtained
the last part of your speech
which I will send you as
I get them here.

My deputy who is not
very strong and works very hard
has had his holidays before
I could get more; but when he
returned to town he was taken
ill and it is only yesterday
that I have been able to
leave Wandsworth.

I have duly received Mrs
Danson and your kind invitation

I will be very likely away
at that time somewhere
below ^{Lube} and will be unable
to attend -

I would like to know
what do to letters was made
of the pamphlet I mean
the English version - or
on to regulate that of the
French -

Yours sincerely
Wm. Chapman
