Dr Sir

Shall rec<sup>d</sup> -

thanks - I send you today or  
tomorrow a small vial containing  
living Diatoms, amongst which  
you will see Pacillaria Paradoxa  
(pp 341 Carpenter) These forms, I  
think I have found over 30 varieties,  
are found about 24 miles East of  
this City - in unlimited quantity -

Hoping they will reach you,  
while yet in motion - I am

Yours very Truly  
Jas C. Packard.
