To D. Dawson  
Montreal

Geo. Bishop & Co., Montreal.

My dear D. Dawson. The matter is in D. Church's hands. He has the draft of the proposed Bill and promised to put it into shape; after he & I had gone through the proposed amendments.

If you could arrange with him to go through the Bill I shall be satisfied - but if you think any new matter should be introduced - or material change made in the old. I will try and see you in Montreal on any day you may name
