Dr J. M. Dawson

Principal of McGill College

Dear Sir,

I have a request
to make trusting you will favour me
with the information if not putting
you to too much trouble, I am
desirous to know what the Common
names of the following are, I find
in an old Botanical work. *Humb.*
Stromes. Herb. Gerard. Gort. Herb.
Ash. Muel. Aegyptiacus. Podragaster.
Aleba Spicata, Herb Christoph.
If you will kindly give me
the Common names of the above, also
inform me if they can be found
in this Country; and also, please

Yours Respectfully
